

*Republished September 2020 with edits and clarifications following the introduction of our Performance Grades suite of exams (1 July 2020) and changes to our regulated qualification titles (applicable from 1 October 2020). The updated regulated qualification titles are listed on page 6 and further information about the changes is available at www.abrsm.org/regulation. Other changes to the text are to help distinguish between the two suites of graded exam – Practical and Performance – that are now offered. **There are no changes to the exam requirements/syllabus for percussion Practical Grades in this edition.***

1. Introduction

About ABRSM

At ABRSM we aim to support learners and teachers in every way we can. One way we do this is through the provision of high quality and respected music qualifications. These exams provide clear goals, reliable and consistent marking, and guidance for future learning. They are a tried and tested way to inspire musical achievement and, with backing from four Royal Schools of Music in the UK, are valued and trusted around the world.

We offer a comprehensive portfolio of qualifications and assessments for a range of instruments (including singing) and genres, as well as for Music Theory and Practical Musicianship. Our syllabuses are based on core musical skills – listening, performing, reading, writing, musical knowledge and understanding, and improvising. Together these skills give learners a good foundation for their musical development and a range of different musical activities.

Taking an exam is an exciting challenge with many benefits for learners. There's the boost to motivation which comes from working towards an exam. There's an opportunity to discover and perform some fantastic music and to build new skills. And there's the sense of achievement which comes from successfully reaching a musical goal.

We do everything we can to make the exam experience positive and rewarding. We work closely with specialists, teachers and examiners to provide syllabuses of the highest quality with a wide variety of pieces and songs to choose from. We train our friendly, expert examiners to ensure that all candidates are rewarded and recognised for their musical achievements during the assessment. Using our clear, easy-to-understand marking criteria examiners can assess all candidates reliably, objectively and consistently. Finally, candidates receive a mark form containing valuable feedback, with a celebratory certificate for everyone who passes.

Whether you're a learner or teacher, we hope our syllabuses inspire and support your music learning or teaching. We wish you every success for your musical journey!

Our mission

ABRSM's mission is to inspire musical achievement. We do this in partnership with four Royal Schools of Music: Royal Academy of Music, Royal College of Music, Royal Northern College of Music and Royal Conservatoire of Scotland.

We are passionate about music, its value as an art form and the importance of music education. We believe that being involved with music gives people unique, positive experiences with life-long benefits.

Through our world-leading assessments, books and resources we provide people worldwide with the tools they need to teach, learn, make and enjoy music. Our scholarships, donations, sponsorship and partnerships create opportunities for people of all ages to discover music and fulfil their potential. Everything we do is designed to support learners and teachers on their musical journey.

Who we are

We are the Associated Board of the Royal Schools of Music (ABRSM), a company registered in England and Wales (company registration number 1926395) and a registered charity (charity registration number 292182). Our registered office is at 4 London Wall Place, London EC2Y 5AU.

About this qualification specification

What it covers

This specification provides all the relevant requirements and information teachers, candidates, parents and organisations need in order to prepare for the following qualifications in the subjects and grades covered in Section 3 – ABRSM Entry Level Award in Practical Music (Initial Grade) (Entry 3), ABRSM Level 1 Award in Practical Music (Grades 1, 2 and 3), ABRSM Level 2 Certificate in Practical Music (Grades 4 and 5) and ABRSM Level 3 Certificate in Practical Music (Grades 6, 7 and 8). It also provides information on how the exams will be assessed, their learning outcomes, and regulated qualification details.

Further details, as well as administrative information about the exams, are given in ABRSM's Exam Regulations (www.abrsm.org/examregulations) which should be read before making an exam booking.

Validity of this specification

This specification is valid from 1 October 2020 until further notice.

We may update this specification from time to time, but will not make changes to the syllabus (Section 3) other than in exceptional circumstances. In such cases, advance notice of any changes will be posted on our website, as will advance notice of any planned syllabus refreshes. The latest version of this specification will be available from www.abrsm.org/exams.

About our Practical Music qualifications

Qualification objectives

Our Practical Music qualifications are designed for learners to demonstrate a combination of performance and other all-round musical skills and knowledge. Each grade is progressive and represents a new challenge for the learner, providing motivation and structure to develop and hone their musical skills.

Exams allow learners to receive formal recognition of the level of mastery they have achieved, and feedback to support their learning journey. Practical Music qualifications further allow learners to be rewarded and recognised for their skills in performing pieces as well as technique, notation, listening and musical perception.

Who the qualifications are for

These qualifications are intended for learners who are interested in developing and demonstrating their all-round musical skills. Candidates may be entered at any age, but those entering for Grades 6–8 must fulfil the prerequisite detailed on page 10.

Every effort has been made to feature a broad range of repertoire to suit and appeal to candidates of different ages, backgrounds and interests. We are committed to providing all candidates with fair access to our assessments by putting in place access arrangements and reasonable adjustments where required.

Structure

Each Practical Music qualification has been carefully designed to assess all-round musical skills – technique, notation reading, listening and musical perception – as well as knowledge, understanding and creativity. At all grades, these creative skills are demonstrated through playing of repertoire and completing of supporting tests. Collectively, these skills enable

candidates to progress to higher grades, further education, employment and other qualifications in the creative arts sector.

Candidates are required to play three pieces from set repertoire lists and a selection of technical work, and to respond to an unseen sight-reading test and a series of aural tests. Marks for each component are differently weighted (the three pieces are the same) and are awarded to each component individually

Progression route

ABRSM Practical Music qualifications are available from Initial Grade to Grade 8. The syllabus in Section 3 of this specification details the grades available for individual subjects. The qualifications are progressive in their level of demand from Initial Grade through to Grade 8 (nine grades). It is not a requirement for any candidate to complete one grade before moving on to the next although there is a prerequisite for entering a Grade 6, 7 or 8 exam (see below).

Practical Music qualifications embed from Initial Grade the importance of developing a wide range of musicianship skills, including performing repertoire and technical work, and responding to previously unseen sight-reading and aural tests. The nature of the qualifications makes them an ideal platform from which to progress to ABRSM's diploma offer. The performance-only ARSM gives candidates greater flexibility and responsibility in programme building as well as providing further opportunity to develop performance technique and interpretative skills while extending their repertoire.

Through a combination of live and written components, candidates at DipABRSM (Music Performance), and the higher LRSM and FRSM levels, demonstrate their performance, communication and research skills, as well as their musical knowledge and understanding. DipABRSM progresses to LRSM level and LRSM to FRSM. Further details of these can be found in Section 6 of this specification and at www.abrsm.org/diplomas.

Prerequisite

We believe that a thorough understanding of the elements of music is essential for a full and satisfying performance at the higher grades. Our Music Theory graded exams assess candidates on their ability to identify, use and manipulate musical symbols, to complete extracts and to answer questions about the elements of music. We also offer Practical Musicianship exams where, in developing their musicianship skills, candidates gain the understanding as well as the expressive and interpretative skills needed to master the musical language of the repertoire they are learning. A pass at ABRSM Grade 5 or above is required in either Music Theory, Practical Musicianship or any Practical Music solo Jazz instrument before learners can enter for a Grade 6, 7 or 8 Practical Music exam.

Regulation and UCAS points (UK)

Our regulators

ABRSM Practical Music, Music Performance and Music Theory grades, and higher-level qualifications (diplomas) are regulated in the UK by:

- Office of Qualifications and Examinations Regulation (Ofqual)
- Qualifications Wales
- Council for Curriculum, Examinations and Assessment (CCEA Regulation)

For further information, see www.abrsm.org/regulation.

The Regulated Qualifications Framework (RQF)

All our regulated qualifications can be found on the RQF. There are nine qualification levels in the framework, labelled in order of difficulty from Entry Level to Level 8. For further information, visit <https://register.ofqual.gov.uk>.

Entry to higher education

In the UK, ABRSM's Grades 6–8 in Practical Music can contribute towards entry into higher education through the allocation of UCAS points; the table below shows the UCAS Tariff value of these grades. For further information visit www.ucas.com.

Qualification/Level	Pass	Merit	Distinction
Grade 6	8	10	12
Grade 7	12	14	16
Grade 8	18	24	30

Regulated qualification details

Qualification titles

The table below shows the regulated titles and qualification numbers of our Practical Music qualifications. Further information can be found at <https://register.ofqual.gov.uk>.

Qualification Number*	Qualification Title*
603/6405/1	ABRSM Entry Level Award in Practical Music (Initial Grade) (Entry 3)
603/6406/3	ABRSM Level 1 Award in Practical Music (Grade 1)
603/6407/5	ABRSM Level 1 Award in Practical Music (Grade 2)
603/6408/7	ABRSM Level 1 Award in Practical Music (Grade 3)
603/6409/9	ABRSM Level 2 Certificate in Practical Music (Grade 4)
603/6410/5	ABRSM Level 2 Certificate in Practical Music (Grade 5)
603/6411/7	ABRSM Level 3 Certificate in Practical Music (Grade 6)
603/6412/9	ABRSM Level 3 Certificate in Practical Music (Grade 7)
603/6413/0	ABRSM Level 3 Certificate in Practical Music (Grade 8)

** For qualifications taken before 1 October 2020, please see www.abrsm.org/regulation for the relevant regulated qualification numbers and titles.*

Qualification size

The table below describes the size of the Practical Music qualifications by showing the amount of time that a candidate would typically need to spend preparing for them:

- Under the guidance of a teacher (Guided Learning Hours);
- Under the guidance of a teacher and time spent preparing independently (Total Qualification Time);

and:

- The assigned credit value (which denotes the size of the qualification).

Level	Guided Learning Hours* (GLH)	Total Qualification Time* (TQT)	Credits
Initial Grade	8	40	4
Grade 1	12	60	6
Grade 2	18	90	9
Grade 3	18	120	12
Grade 4	24	150	15
Grade 5	24	180	18
Grade 6	36	220	22
Grade 7	48	270	27
Grade 8	54	320	32

** The Guided Learning Hours and Total Qualification Time are estimates of the average amount of time that it might take a candidate to prepare for these qualifications, and should be used as guidance only; it is recognised that there will be variance dependent on each individual's level of experience and ability.*

Regulation (Europe)

The European Qualifications Framework (EQF) is an overarching framework that links the qualifications of different countries together and allows for comparison and translation. The EQF has eight levels across which qualifications can be mapped. The levels do not correspond directly with the UK's Regulated Qualifications Framework (RQF), although they are similar.

The following table shows the level of each of ABRSM's Practical Music qualifications on the RQF and the EQF.

Qualification	RQF Level	EQF Level
Initial Grade	Entry Level (Level 3)	Level 1
Grade 1		
Grade 2	Level 1	Level 2
Grade 3		
Grade 4		
Grade 5	Level 2	Level 3
Grade 6		
Grade 7	Level 3	Level 4

Regulation (Rest of world)

Information on how ABRSM exams are recognised in individual countries can be found at www.abrsm.org/regulation.

Qualification title referencing

The qualifications covered by this specification are 'ABRSM Entry Level Award in Practical Music (Initial Grade) (Entry 3)', 'ABRSM Level 1 Award in Practical Music' (Grades 1, 2 and 3), 'ABRSM Level 2 Certificate in Practical Music' (Grades 4 and 5) and 'ABRSM Level 3 Certificate in Practical Music' (Grades 6, 7 and 8). For ease of reading, 'Practical Grade(s)' is used in place of the full qualification titles throughout the remainder of this document. Similarly, when referring to our other, new, suite of graded performance exams, 'Performance Grade(s)' is used in place of the full qualification titles.

2. Practical Grades

Syllabuses

Syllabus validity

The Percussion Practical Grades Syllabus is valid for exams from 1 January 2020 until further notice.

Syllabus amendments

Any updates to the syllabus – e.g. changes to publication details or other minor corrections or clarifications – will be posted at www.abrsm.org/syllabuscorrections.

Syllabus overlap

In the first year of any revised Practical Grades syllabus, we offer an overlap period where candidates may play specific requirements from the preceding syllabus. Information on the length of the overlap period and the requirements that it applies to is given at www.abrsm.org/overlap.

Candidates will be able to take exams using the Percussion (from 1990) Syllabus until 31 December 2020. All exam requirements must be from the same syllabus – candidates may not present a mixture of requirements (i.e. pieces or supporting tests) from old and new syllabuses.

The next syllabus

At the time of publication of this document, the next revision of the Percussion Practical Grades Syllabus had not been scheduled. Advance notice of any planned changes to the Percussion Syllabus (including syllabus overlap information) will be posted at www.abrsm.org/percussion.

Exam Regulations

When preparing for an exam, it is important to read ABRSM's Exam Regulations, which set out the rules for completing the exams listed in this specification. This information is available at www.abrsm.org/examregulations.

Malpractice and maladministration

We are committed to inspiring achievement in music. Our qualifications are used by thousands of people to support their music learning or teaching. Many people also use them when applying to study at further and higher education institutions. It is therefore vital that our qualifications remain a valuable and reliable measure of a candidate's skills and knowledge. We take any form of malpractice or maladministration very seriously.

- **Malpractice** is defined as any act that compromises or is an attempt to compromise the assessment process, the integrity of any qualification or the validity of a result or certificate. This also includes any act that damages our reputation or credibility as an awarding organisation.
- **Maladministration** is defined as any act that breaches the regulations through a mismanagement of administrative processes, particularly where such a breach could compromise the integrity of a qualification or assessment.

Applicants and candidates must follow the requirements set out in the relevant specification, Exam Regulations and all other ABRSM policies about the delivery of our exams. In cases where applicants or candidates have committed malpractice, a sanction or penalty may be

given. Further information about our Malpractice and Maladministration Policy can be found at www.abrsm.org/policies.

Entry requirements

There are eight grades of Practical Grades exams for each percussion subject. Candidates may be entered for any grade at any age. They do not need to have taken any earlier grade(s) in the same subject. To enter for a Grade 6, 7 or 8 exam, candidates must already have passed one of the following:

- ABRSM Grade 5 (or above) in Music Theory
- ABRSM Grade 5 (or above) in Practical Musicianship
- ABRSM Grade 5 in any Practical Grades solo Jazz instrument

For full details, including a list of accepted alternatives, see www.abrsm.org/prerequisite.

Exam venues

Practical Grades Percussion exams are held as a Visit (i.e. where a venue is provided by the Applicant and visited by the examiner). They may be held independently of other exams or as part of a larger Visit that includes other subjects/grades. The percussion instruments and any seating must be set up before the exam's scheduled time. For full details about Visits, see ABRSM's Exam Regulations at www.abrsm.org/examregulations, in particular the requirement to provide a suitable piano for the Aural tests.

Exam booking

Details of exam dates, locations, fees and how to book an exam are available online at www.abrsm.org/exambooking.

Access (for candidates with specific needs)

We are committed to providing all candidates with fair access to our assessments by putting in place access arrangements and reasonable adjustments. There are a range of alternative tests and formats for Practical Grades as well as guidelines for candidates with specific needs (see www.abrsm.org/specificneeds). Where a candidate's needs are not covered by the guidelines, each case is considered individually. Further information is available from the Access Co-ordinator (accesscoordinator@abrsm.ac.uk) or from www.abrsm.org/specificneeds.

Exam content

Practical Grades for percussion consist of six components – three Pieces, Technical requirements, Sight-reading and Aural tests. Information on how marks are allocated is given on page 87.

In the exam

Examiners

Generally, there will be one examiner in the exam room for Practical Grades; however a second examiner may be present for training or quality assurance purposes.

Examiners may ask to look at the candidate's or accompanist's copy of the music before or after the performance of a piece; a separate copy is not required.

Examiners may stop the performance of a piece when they have heard enough to make a judgment.

Order of the exam

The individual Practical Grades exam components may be taken in any order, at the candidate's choice, although it is preferable for accompanied pieces (where applicable) to be performed consecutively at the beginning of the exam.

Exam timings

The timings in the table below show the approximate length of each Practical Grades percussion exam in minutes, including the candidate's entry and exit, any tuning time and time for the examiner to finish the mark form between exams. Examiners may take more or less time than the given timings.

Grade	Initial Grade*	Grade 1	Grades 2 & 3	Grades 4 & 5	Grade 6	Grade 7	Grade 8
Time (in mins)	12	12	14	17	20	25	30

* Initial Grade not available for percussion

3. Percussion Practical Grades Syllabus from 2020

Introducing the syllabus

Our new Percussion Practical Grades Syllabus is designed to offer a flexible approach to percussion assessment. There are exams at Grades 1–8 in Snare Drum, Timpani and Tuned Percussion as individual, standalone subjects. We also offer a Percussion (Combined) exam at Grades 1–8 to allow candidates to demonstrate their skills in all three subjects.

Key features:

- Newly-commissioned repertoire by leading percussion composers alongside established favourites
- A choice of at least ten pieces per subject per grade
- Accompanied (by both piano and percussion) and solo options for all subjects
- Multi-percussion options in the Snare Drum repertoire lists from Grade 3
- Completely revised Sight-reading requirements for all subjects
- Specially-commissioned studies for Snare Drum and Timpani
- Publications to support all aspects of the new syllabus

The Aural tests stay the same as the preceding syllabus. All other requirements have been revised.

Practical Grades 1–8: requirements and information

This syllabus is valid from 2020 until further notice.

This section provides a summary of the most important points that teachers and candidates need to know when taking ABRSM Practical Grades in percussion subjects. Further details, as well as administrative information about the exams, are given in ABRSM's Exam Regulations (available at www.abrsm.org/examregulations) which should be read before making an exam booking.

Instruments

Candidates are required to perform on acoustic instruments (digital instruments are not allowed). Examiners apply the marking criteria (which include the assessment of pitch, tone, and musical shaping) to assess musical outcomes without reference to the specific attributes of the instrument.

Sticks/mallets: Candidates are expected to use the correct sticks and mallets for the instruments they have chosen to play. Tuned Percussion pieces that require four mallets are shown by **4M** in the repertoire lists.

Range information: In this document, range/pitch information is presented using the Helmholtz system, i.e.:

Snare Drum

Instruments: In Snare Drum exams at Grades 1–5, it is possible for candidates to complete an exam playing a snare drum only. In Snare Drum exams at Grades 6–8, candidates must play at least one piece for multi-percussion.

In Percussion (Combined) exams at all grades, it is possible for candidates to complete the Snare Drum elements playing a snare drum only.

All pieces and studies should be played with the snares on unless marked otherwise in the music.

Multi-percussion: There are pieces for multi-percussion included in the repertoire lists for Snare Drum from Grade 3. These are marked **MULTI** in the repertoire lists, where details of the instruments required in addition to the snare drum are also shown.

Pieces

Musicians learn to play an instrument to explore and perform repertoire, which is why pieces are at the core of the exam – candidates are asked to present three at each grade.

The syllabus repertoire and requirements explore different traditions and styles and provide candidates with the opportunity to choose a balanced selection and demonstrate a range of skills.

All subjects offer pieces that require an accompaniment, as interacting with other musicians is an important musical skill. There are also opportunities to choose solo pieces and develop confidence with unaccompanied playing. These opportunities increase at higher grades to reflect contemporary percussion repertoire.

We hope that by offering this variety in the syllabus, candidates will find inspiring music that they enjoy learning and performing.

Programme planning: For Snare Drum, Timpani and Tuned Percussion exams, candidates must choose three pieces from the repertoire list for that subject, including at least one piece marked ☆ in the repertoire list at certain grades (see table below). Up to two pieces by the same composer may be played.

For Percussion (Combined) exams, candidates must choose one piece from each of the three lists (A – Snare Drum, B – Timpani and C – Tuned Percussion), including at least one piece marked ☆ in the syllabus at Grades 1-3 (see table below). Up to two pieces by the same composer may be played.

Subject	Grades	Type of pieces required (minimum of 1)	Marked in syllabus
Snare Drum	Grades 1-3	accompanied (by piano <i>or</i> percussion)	☆ <i>and</i> III or ⊕
	Grades 6-8	for multi-percussion	☆ <i>and</i> MULTI
Timpani	Grades 1-3	accompanied (by piano <i>or</i> percussion)	☆ <i>and</i> III or ⊕
	Grades 6-8	requires retuning	☆ <i>and</i> RETUNE
Tuned Percussion	Grades 1-3	accompanied (by piano <i>or</i> percussion)	☆ <i>and</i> III or ⊕
	Grade 8	requires 4 mallets	☆ <i>and</i> 4M
Percussion (Combined)	Grades 1-3	accompanied (by piano <i>or</i> percussion)	☆ <i>and</i> III or ⊕

Candidates may play two or three pieces marked ☆, if they wish.

In the exam, candidates should tell the examiner which pieces they are performing, and they are welcome to use the form on page 97 for this.

Every effort has been made to feature a broad range of repertoire to suit and appeal to candidates of different ages, backgrounds and interests. Certain pieces may not be suitable for every candidate for technical reasons or because of wider context (historical, cultural, subject matter, etc.). Pieces should be carefully considered for their appropriateness to each individual, which may need consultation between teachers and parents/guardians. Teachers and parents/guardians should also exercise caution when allowing younger candidates to research pieces online: www.nspcc.org.uk/onlinesafety.

The repertoire lists are the same as for ABRSM Performance Grades. Candidates may not present the same repertoire (in full or individual pieces) for the same grade of both qualifications, irrespective of when the exams are taken.

Accompaniment: A live piano or percussion (where the option is listed) accompaniment is required for all pieces marked with  or  in the syllabus. Recorded accompaniments are not allowed.

At Grades 1–3, candidates must perform at least one piece with accompaniment (piano or percussion). There is no accompaniment requirement at Grades 4–8. There is no upper limit to the number of accompanied pieces that can be played at any grade.

Pieces that are published as duets (or with percussion accompaniment only) are marked  in the repertoire lists; candidates must play the upper part. Pieces that are published with piano and percussion accompaniment options are marked  or  in the repertoire lists, and may be performed with either accompaniment in the exam. Details of the percussion instruments that are required to accompany each piece are also given in the repertoire lists.

Candidates must provide their own accompanist(s), who can only be in the exam room while accompanying. The candidate's teacher may accompany but examiners will not. If necessary, an accompanist may simplify any part of the accompaniment, as long as the result is musical.

Pieces accompanied by percussion must be played on a separate instrument from the candidate's.

Exam music & editions: Wherever the syllabus includes an arrangement or transcription (appearing as 'arr.' or 'trans.' in the repertoire lists), the edition listed in the syllabus must be used in the exam. For all other pieces, editions are listed for guidance only and candidates may use any edition of their choice. This includes editions that are downloaded. Information on sourcing exam music is given on page 17.

Interpreting the score: Printed editorial suggestions such as sticking, metronome marks, etc. do not need to be strictly observed. Whether the piece contains musical indications or not, candidates are encouraged to interpret the score in a musical and stylistic way. The marks awarded will be determined by how control of pitch, time, tone, shape and performance contributes to the overall musical outcome.

Repeats: Unless the syllabus specifies differently, all da capo and dal segno indications should be followed but other repeats (including first-time bars) should not be played unless they are very short (i.e. a few bars).

Cadenzas & tuttis: Cadenzas should not be played unless the syllabus specifies differently. Accompanists should cut lengthy orchestral tutti sections.

Ossias: Where an ossia (alternative musical line or note) occurs in the music, candidates may play either option unless the syllabus specifies differently.

Performing from memory: Candidates may perform any of their pieces from memory; if doing so, they must make sure that a copy of the music is available for the examiner to refer to. No extra marks are awarded for playing from memory.

Page-turns: Examiners will be understanding if a page-turn causes a lack of continuity during a piece, and this will not affect the marking. Candidates (and accompanists) may use an extra copy of the music or a photocopy of a section of the piece (but see 'Photocopies' below) to help with page-turns. Candidates and accompanists at Grades 6–8 may bring a page-turner to the exam if there is no solution to a particularly awkward page-turn (prior permission is not required; the turner may be the candidate's teacher). Examiners are unable to help with page-turning.

Photocopies: Performing from unauthorised photocopies (or other kinds of copies) of copyright editions is not allowed. ABRSM may withhold the exam result where we have evidence of an illegal copy (or copies) being used. In the UK, copies may be used in certain limited circumstances – for full details, see the MPA's *Code of Fair Practice* at www.mpaonline.org.uk. In all other cases, application should be made to the copyright holder before any copy is made, and evidence of permission should be brought to the exam.

Sourcing exam music: Exam music is available from music retailers and online, including at the ABRSM music shop: www.abrsm.org/shop. Every effort has been made to make sure that the publications listed will be available for the duration of the syllabus. We advise candidates to get their music well before the exam in case items are not kept in stock by retailers. Non-exam related questions about the music (e.g. editorial, availability) should be addressed to the relevant publisher: contact details are listed at www.abrsm.org/publishers.

Technical requirements

In this section of the exam, candidates prepare the following:

Subject	Technical requirements
Snare Drum	Studies
Timpani	Studies
Tuned Percussion	Scales and arpeggios
Percussion (Combined)	One of the following, at the candidate's choice: <ul style="list-style-type: none"> • Studies (Snare Drum) • Studies (Timpani) • Scales and arpeggios (Tuned Percussion) The examiner will ask which the candidate has chosen.

Study (Snare Drum)

Studies are an important way to develop technical skills such as stick control, balance between hands, fluency and articulation. They also help to develop tone, pulse and dynamic control, and familiarity with rudimental patterns. This leads to greater confidence and security when sight-reading, learning new pieces and performing – from a score or from memory, as a solo musician or with others.

About the test: Candidates prepare two studies at each grade and examiners will request which one is to be played in the exam. Each Study is based on a set of rudiments; these are listed on the sheet music.

Sheet music: The studies are published online at www.abrsm.org/percussion as a free downloadable PDF that can be printed and used in the exam. They are also published by ABRSM in the books of *Percussion Exam Pieces & Studies* (for Grades 1–5) and *Percussion Studies* (for Grades 6–8). Purchasing these books is not a requirement.

Memory: There is no requirement to play the Study from memory.

Sticking: Candidates may use any sticking that produces a successful musical outcome.

Sight-reading

Sight-reading is a valuable skill with many benefits. Learning to sight-read helps to develop quick recognition of keys, tonality and common rhythm patterns. Strong sight-reading skills make learning new pieces quicker and easier, and also help when making music with others, so that playing in an ensemble becomes more rewarding and enjoyable.

About the test: Candidates will be asked to play a short unaccompanied piece of music which they have not seen before. They will be given half a minute to look through and, if they wish, try out all or any part of the test before they are asked to play it for assessment.

Parameters: The tables on pages 24–26 show the elements that are introduced at each grade.

Instruments: In this section of the exam, the instrument requirements are as follows:

Subject	Technical requirements
Snare Drum	<ul style="list-style-type: none"> the test must be played with the snares on no additional instruments will be required at any grade
Timpani	<ul style="list-style-type: none"> the number of drums required at each grade is listed in the parameters on page 25
Tuned Percussion	<ul style="list-style-type: none"> the test may be played on any of the instruments listed on page 14 the instrument chosen must meet the range requirements for the grade as listed in the parameters on page 26
Percussion (Combined)	<ul style="list-style-type: none"> instruments as described in all three rows above must be available in the exam room the examiner will choose whether the test is to be played on Snare Drum, Timpani or Tuned Percussion

Supporting publications: For practice purposes, sample Sight-reading tests are published by ABRSM in *Percussion Sight-Reading*, Grades 1–5 and Grades 6–8. Purchasing these books is not a requirement.

Blind or partially-sighted candidates: Blind or partially-sighted candidates may choose an alternative test (Braille memory *or* Aural repetition) in place of the standard test, if requested at the time of entry. Further information is available at www.abrsm.org/specificneeds.

Aural tests

Listening lies at the heart of music-making and the ability to hear how music works helps with all aspects of musical development. Aural skills help with gauging the sound and balance of playing, keeping in time and playing with a sense of rhythm and pulse. These skills also help to develop a sense of pitch, musical memory and the ability to spot mistakes.

About the test: The requirements are the same for all four subjects. Full details of the Aural tests are given on pages 75–82.

Supporting publications: For practice purposes, sample Aural tests are published by ABRSM. Examples of the tests are given in *Specimen Aural Tests* and *Aural Training in Practice*. Purchasing these books is not a requirement.

Deaf or hearing-impaired candidates: Deaf or hearing-impaired candidates may choose alternative tests in place of the standard tests, if requested at the time of booking the exam. Further information, including the syllabus for the alternative tests, is available at www.abrsm.org/specificneeds.

Sight-reading parameters

The tables on pages 24–26 show the elements that are introduced at each grade. These parameters are presented cumulatively, i.e. once introduced they apply for all later grades (gradually progressing in difficulty). See also page 19.

Snare Drum

All tests are written on a five-line staff.

Aural test requirements

Included in all Practical Music graded exams*

Listening lies at the heart of all good music-making. Developing aural awareness is fundamental to musical training because having a ‘musical ear’ impacts on all aspects of musicianship. Singing, both silently in the head and out loud, is one of the best ways to develop the ‘musical ear’. It connects the internal imagining of sound, the ‘inner ear’, with the external creation of it, without the necessity of mechanically having to ‘find the note’ on an instrument (important though that connection is). By integrating aural activities in imaginative ways in the lesson, preparation for the aural tests within an exam will be a natural extension of what is already an essential part of the learning experience.

In the exam

Aural tests are an integral part of all Practical Music graded exams.

The tests are given by the examiner from the piano. For any test that requires a sung response, pitch rather than vocal quality is being assessed. The examiner will be happy to adapt to the vocal range of the candidate, whose responses may be sung to any vowel (or consonant followed by a vowel), hummed or whistled (and at a different octave, if appropriate).

The information on pages 76–82 sets out the tasks that candidates will be asked to complete in the exam.

Assessment

Some tests allow for a second attempt or for an additional playing by the examiner, if necessary. The examiner will also be ready to prompt, where helpful, although this may affect the assessment.

Marks are not awarded for each individual test or deducted for mistakes; instead they reflect the candidate’s overall response in this section. The marking criteria for the Aural tests are given on page 90.

Supporting publications

For practice purposes, sample Aural tests are published by ABRSM. Examples of the tests for Grades Initial–8 are given in *Specimen Aural Tests*. More examples for Grades 1–8 are given in *Aural Training in Practice*. Purchasing these books is not a requirement.

Deaf or hearing-impaired candidates

Deaf or hearing-impaired candidates may choose alternative tests in place of the standard tests, if requested at the time of booking the exam. Further information, including the syllabus for the alternative tests, is available at www.abrsm.org/specificneeds.

* A different set of tests apply to Jazz and Singing for Musical Theatre exams

INITIAL GRADE *

- A To clap the pulse of a piece played by the examiner.** The examiner will start playing the passage, and the candidate should join in as soon as possible, clapping in time.
- B To clap as ‘echoes’ the rhythm of two phrases played by the examiner.** The phrases will be two bars long, in three or four time, and consist of a melody line only. The examiner will count in two bars. After the examiner has played each phrase, the candidate should clap back the rhythm as an ‘echo’ without a pause, keeping in time.
- C To sing as ‘echoes’ two phrases played by the examiner.** The phrases will be one bar long in 4/4 time. They will be in a major key, and within the range of tonic–mediant. First the examiner will play the key-chord and the starting note (the tonic) and then count in two bars. After the examiner has played each phrase, the candidate should sing back the echo without a pause, keeping in time.
- D To answer a question about one feature of a piece played by the examiner.** Before playing, the examiner will tell the candidate which feature the question will be about. It will be about dynamics (loud/quiet) or articulation (smooth/detached).

GRADE 1

- A To clap the pulse of a piece played by the examiner, and to identify whether it is in two time or three time.** The examiner will start playing the passage, and the candidate should join in as soon as possible, clapping in time and giving a louder clap on the strong beats. The examiner will then ask whether the music is in two time or three time. The candidate is *not* required to state the time signature.
- B To sing as ‘echoes’ three phrases played by the examiner.** The phrases will be two bars long, in a major key, and within the range of tonic–mediant. First the examiner will play the key-chord and the starting note (the tonic) and then count in two bars. After the examiner has played each phrase, the candidate should sing back the echo without a pause, keeping in time.
- C To identify where a change in pitch occurs during a phrase played by the examiner.** The phrase will be two bars long, in a major key, and the change will affect only one of the notes. First the examiner will play the key-chord and the tonic and then count in two bars. The examiner will play the phrase twice, making the change in the second playing, after which the candidate should state whether the change was near the beginning or near the end. If necessary, the examiner will play both versions of the phrase again (although this may affect the assessment).
- D To answer questions about two features of a piece played by the examiner.** Before playing, the examiner will tell the candidate which two features the questions will be about. The first will be: dynamics (loud/quiet, or sudden/gradual changes); the second will be articulation (smooth/detached).

GRADE 2

- A To clap the pulse of a piece played by the examiner, and to identify whether it is in two time or three time.** The examiner will start playing the passage, and the candidate should join in as soon as possible, clapping in time and giving a louder clap on the strong beats. The examiner will then ask whether the music is in two time or three time. The candidate is *not* required to state the time signature.
- B To sing as ‘echoes’ three phrases played by the examiner.** The phrases will be two bars long, in a major key, and within the range of tonic–dominant. First the examiner will play the key-chord and the starting note (the tonic) and then count in two bars. After the examiner has played each phrase, the candidate should sing back the echo without a pause, keeping in time.
- C To identify a change in either pitch or rhythm during a phrase played by the examiner.** The phrase will be two bars long, in a major key. First the examiner will play the key-chord and the tonic and then count in two bars. The examiner will play the phrase twice, making the change in the second playing, after which the candidate should identify the change by describing it, or singing/clapping. If necessary, the examiner will play both versions of the phrase again (although this may affect the assessment).
- D To answer questions about two features of a piece played by the examiner.** Before playing, the examiner will tell the candidate which two features the questions will be about. The first will be *one* of the following: dynamics (loud/quiet, or sudden/gradual changes), articulation (smooth/detached); the second will be tempo (becoming slower/faster, or staying the same).

GRADE 3

- A To clap the pulse of a piece played by the examiner, and to identify whether it is in two time, three time or four time.** The examiner will start playing the passage, and the candidate should join in as soon as possible, clapping in time and giving a louder clap on the strong beats. The examiner will then ask whether the music is in two time, three time or four time. The candidate is *not* required to state the time signature.
- B To sing as ‘echoes’ three phrases played by the examiner.** The phrases will be two bars long, in a major or minor key, and within the range of an octave. First the examiner will play the key-chord and the starting note and then count in two bars. After the examiner has played each phrase, the candidate should sing back the echo without a pause, keeping in time.
- C To identify a change in either pitch or rhythm during a phrase played by the examiner.** The phrase will be up to four bars long, in a major or minor key. First the examiner will play the key-chord and the tonic and then count in two bars. The examiner will play the phrase twice, making the change in the second playing, after which the candidate should identify the change by describing it, or singing/clapping. If necessary, the examiner will play both versions of the phrase again (although this may affect the assessment).

Grade 3 cont.

D To answer questions about two features of a piece played by the examiner. Before playing, the examiner will tell the candidate which two features the questions will be about. The first will be *one* of the following: dynamics (loud/quiet, or sudden/gradual changes), articulation (smooth/detached), tempo (becoming slower/faster, or staying the same); the second will be tonality (major/minor key).

GRADE 4

- A To sing or play from memory a melody played twice by the examiner.** The melody will be within the range of an octave, in a major or minor key with up to three sharps or flats. First the examiner will play the key-chord and the starting note and then count in two bars. (If the candidate chooses to play, the examiner will also name the key-chord and the starting note, as appropriate for the instrument.) If necessary, the examiner will play the melody again and allow a second attempt (although this may affect the assessment).
- B To sing five notes from score in free time.** The candidate may choose to sing from treble or bass clef. The notes will be within the range of a third above and below the tonic in the key of C, F or G major. The test will begin and end on the tonic and will not contain intervals greater than a third. First the examiner will name and play the key-chord and the starting note. If necessary, the examiner will help the candidate by playing and identifying the correct note if any note is sung at the wrong pitch.
- C (i) To answer questions about two features of a piece played by the examiner.** Before playing, the examiner will tell the candidate which two features the questions will be about. The first will be *one* of the following: dynamics, articulation, tempo, tonality; the second will be character.
- (ii) To clap the rhythm of the notes in an extract from the same piece, and to identify whether it is in two time, three time or four time.** The examiner will play the extract twice (unharmonised), after which the candidate should clap back the rhythm. The examiner will then ask whether the music is in two time, three time or four time. The candidate is *not* required to state the time signature.

GRADE 5

- A To sing or play from memory a melody played twice by the examiner.** The melody will be within the range of an octave, in a major or minor key with up to three sharps or flats. First the examiner will play the key-chord and the starting note and then count in two bars. (If the candidate chooses to play, the examiner will also name the key-chord and the starting note, as appropriate for the instrument.) If necessary, the examiner will play the melody again and allow a second attempt (although this may affect the assessment).
- B To sing six notes from score in free time.** The candidate may choose to sing from treble or bass clef. The notes will be within the range of a fifth above and a fourth below the tonic, in a major key with up to two sharps or flats. The test will begin and end on the tonic and will not contain intervals greater than a third, except for the rising fourth from dominant to tonic. First the examiner will name and play the key-chord and the starting note. If necessary, the examiner will help the candidate by playing and identifying the correct note if any note is sung at the wrong pitch.
- C (i) To answer questions about two features of a piece played by the examiner.** Before playing, the examiner will tell the candidate which two features the questions will be about. The first will be *one* of the following: dynamics, articulation, tempo, tonality, character; the second will be style and period.
- (ii) To clap the rhythm of the notes in an extract from the same piece, and to identify whether it is in two time, three time or four time.** The examiner will play the extract twice (unharmonised), after which the candidate should clap back the rhythm. The examiner will then ask whether the music is in two time, three time or four time. The candidate is *not* required to state the time signature.

GRADE 6

- A To sing or play from memory the *upper* part of a two-part phrase played twice by the examiner.** The upper part will be within the range of an octave, in a major or minor key with up to three sharps or flats. First the examiner will play the key-chord and the starting note and then count in two bars. (If the candidate chooses to play, the examiner will also name the key-chord and the starting note, as appropriate for the instrument.) If necessary, the examiner will play the phrase again and allow a second attempt (although this may affect the assessment).
- B To sing a melody from score, with an accompaniment played by the examiner.** The candidate may choose to sing from treble or bass clef. The melody will be within the range of an octave, in a major or minor key with up to three sharps or flats. First the examiner will name and play the key-chord and the starting note and then give the pulse. A brief period of preparation will follow during which the candidate may sing out loud. The examiner will play the key-chord and the starting note again and then count in two bars. If necessary, the examiner will allow a second attempt (although this may affect the assessment).
- C To identify the cadence at the end of a phrase as perfect or imperfect.** The phrase will be in a major or minor key and will be played twice by the examiner. The chords forming the cadence will be in root position. Before the first playing, the examiner will play the key-chord.
- D (i) To answer questions about two features of a piece played by the examiner.** Before playing, the examiner will tell the candidate which two features the questions will be about. The first will be: texture or structure; the second will be *one* of the following: dynamics, articulation, tempo, tonality, character, style and period, texture/structure.
- (ii) To clap the rhythm of the notes in an extract from the same piece, and to identify whether it is in two time, three time or four time.** The examiner will play the extract twice (unharmonised), after which the candidate should clap back the rhythm. The examiner will then ask whether the music is in two time, three time or four time. The candidate is *not* required to state the time signature.

GRADE 7

- A To sing or play from memory the *lower* part of a two-part phrase played twice by the examiner.** The lower part will be within the range of an octave, in a major or minor key with up to three sharps or flats. First the examiner will play the key-chord and the starting note and then count in two bars. (If the candidate chooses to play, the examiner will also name the key-chord and the starting note, as appropriate for the instrument.) If necessary, the examiner will play the phrase again and allow a second attempt (although this may affect the assessment).
- B To sing the *upper* part of a two-part phrase from score, with the lower part played by the examiner.** The candidate may choose to sing from treble or bass clef. The upper part will be within the range of an octave, in a major or minor key with up to four sharps or flats. First the examiner will name and play the key-chord and the starting note and then give the pulse. A brief period of preparation will follow during which the candidate may sing out loud. The examiner will play the key-chord and the starting note again and then count in two bars. If necessary, the examiner will allow a second attempt (although this may affect the assessment).
- C (i) To identify the cadence at the end of a phrase as perfect, imperfect or interrupted.** The phrase will be in a major or minor key and will be played twice by the examiner. The chords forming the cadence will be in root position. Before the first playing, the examiner will play the key-chord.
- (ii) To identify the two chords forming the above cadence.** The chords will be limited to the tonic, subdominant, dominant, dominant seventh or submediant (all in root position). First the examiner will name and play the key-chord, then play the two chords as a pair. The candidate may answer using technical names (tonic, dominant, etc.), chord numbers (I, V, etc.) or letter names (C major, G major, etc.).
- (iii) To identify whether the modulation at the end of a different passage is to the dominant, subdominant or relative minor.** The passage, played once by the examiner, will begin in a major key. First the examiner will name and play the starting key-chord. The candidate may answer using technical names (dominant, subdominant, relative minor) or the letter name of the new key.
- D (i) To answer questions about two features of a piece played by the examiner.** Before playing, the examiner will tell the candidate which two of the following features the questions will be about: dynamics, articulation, tempo, tonality, character, style and period, texture, structure.
- (ii) To clap the rhythm of the notes in an extract from the same piece, and to identify whether it is in two time, three time, four time or 6/8 time.** The examiner will play the extract twice (unharmonised), after which the candidate should clap back the rhythm. The examiner will then ask whether the music is in two time, three time, four time or 6/8 time.

GRADE 8

- A (i) To sing or play from memory the *lowest* part of a three-part phrase played twice by the examiner.** The lowest part will be within the range of an octave, in a major or minor key with up to three sharps or flats. First the examiner will play the key-chord and the starting note and then count in two bars. (If the candidate chooses to play, the examiner will also name the key-chord and the starting note, as appropriate for the instrument.) If necessary, the examiner will play the phrase again and allow a second attempt (although this may affect the assessment).
- (ii) To identify the cadence at the end of a continuing phrase as perfect, imperfect, interrupted or plagal.** The phrase will be in a major or minor key and will be played twice by the examiner. The chords forming the cadence will be limited to the tonic (root position, first or second inversions), supertonic (root position or first inversion), subdominant (root position), dominant (root position, first or second inversions), dominant seventh (root position) or submediant (root position). Before the first playing, the examiner will play the key-chord.
- (iii) To identify the three chords (including their positions) forming the above cadential progression.** The chords will be limited to the tonic (root position, first or second inversions), supertonic (root position or first inversion), subdominant (root position), dominant (root position, first or second inversions), dominant seventh (root position) or submediant (root position). First the examiner will name and play the key-chord, then play the three chords in sequence, finally playing each chord individually, pausing for the candidate to identify it. The candidate may answer using technical names (tonic, first inversion, etc.), chord numbers (Ib, etc.) or letter names (C major in first inversion, etc.).
- B To sing the *lower* part of a two-part phrase from score, with the upper part played by the examiner.** The candidate may choose to sing from treble or bass clef. The lower part will be within the range of an octave, in a major or minor key with up to four sharps or flats. First the examiner will name and play the key-chord and the starting note and then give the pulse. A brief period of preparation will follow during which the candidate may sing out loud. The examiner will play the key-chord and the starting note again and then count in two bars. If necessary, the examiner will allow a second attempt (although this may affect the assessment).
- C To identify whether the modulations at the end of two different passages are to the dominant, subdominant or relative minor/major.** The first passage will begin in a major key and the second will begin in a minor key; each passage will be played once by the examiner. Before playing each passage, the examiner will name and play the starting key-chord. The candidate may answer using technical names (dominant*, subdominant, relative minor/major) or the letter name of the new key. (* Minor-key passages may modulate to the dominant major or minor but the candidate is only required to specify 'dominant' in such cases.)
- D To describe the characteristic features of a piece played by the examiner.** After hearing the piece, the candidate should describe any notable features (such as texture, structure, character, style and period, etc.). The examiner will prompt the candidate with questions only if this becomes necessary.

4. Assessment and marking

Assessment objectives

The following tables describe the level of knowledge and skills required of candidates taking Practical Grades. They also show the assessment objectives and corresponding marking criteria that examiners use to assess the performances at each level. The full marking criteria used by examiners are available on pages 89–90.

Mark allocation

Marks are allocated for each component of Practical Grades for percussion subjects, as shown in the table below:

Exam section	Maximum marks	% of total mark
Piece 1	30	20%
Piece 2	30	20%
Piece 3	30	20%
Technical requirements	21	14%
Sight-reading	21	14%
Aural tests	18	12%
Total	150	100%

Result categories

The result categories for Practical Grades are set as follows. A Pass in each component of the exam is not required to pass overall.

Result category	Mark band
Distinction	130–150
Merit	120–129
Pass	100–119
Below Pass	50–99

Synoptic assessment

Synoptic assessment is a form of assessment that requires candidates to demonstrate that they can identify and effectively use a selection of skills, techniques, concepts and knowledge to carry out a key task. Practical Grades allow candidates to demonstrate their ability to draw together different skills, knowledge and understanding – theory, notation, instrument control, listening skills, creative interpretation – and apply these across the individual components of the exam.

Awarding

An examiner's assessment of a piece or any other component will be based on the performance given at that time towards the qualification for which the candidate has been entered. Prior performances of the same pieces or other components will not be taken into account for the qualification, nor will marking appeals be accepted on that basis. The transfer of marks, at any grade, between Practical Grades and Performance Grades is not permitted.

Candidates may not perform the same repertoire (in full or individual pieces) for both a Practical Grades and a Performance Grades qualification. If choosing to enter at the same grade for both qualifications, irrespective of when the exams are taken, the pieces presented must be different.

Marking criteria

The tables on pages 89–90 show the marking criteria used by examiners for Practical Grades in percussion subjects. Examiners mark up or down from the pass mark for each element by balancing the extent to which the qualities and skills listed in the criteria (broadly categorised by pitch, time, tone, shape and performance) are demonstrated and contribute towards the overall musical outcome.

5. After the exam

Results

All candidates receive a copy of their mark form; successful candidates also receive a certificate that shows the qualification title as well as the subject and level that they have been examined in. We aim to release results for Practical Grades in line with the schedules on our website at www.abrsm.org/results; however, some results may take longer. Examiners will not issue or discuss a candidate's result; the mark form (and certificate for successful candidates) will be issued by ABRSM after the exam. Unless otherwise requested at the time of booking, mark forms and certificates are issued to the applicant, whose responsibility it is to pass them on to candidates.

Exam feedback

Specific guidance for questions about the administration of the exam or the results awarded is available on our website. We also welcome feedback about other matters. All feedback is logged and plays a valuable part in our quality assurance procedures. For further information on our processes and deadlines for submitting feedback, please visit www.abrsm.org/send-exam-feedback.

6. Other assessments

ABRSM's other assessments for percussionists are Performance Grades, Performance Assessment, Ensembles and diplomas. Full information is available at www.abrsm.org/exams.

Performance Grades

ABRSM Performance Grades are our new progressive qualifications that allow learners to focus on and showcase their performance skills. They are available from Grade 1 to Grade 8. Candidates may be entered for any grade at any age and do not need to have taken any earlier grade(s) in the same subject. Full information, including the qualification specification, is available at www.abrsm.org/performancegrades.

About Performance Grades

Each Performance Grade has been carefully designed to assess synoptically the underpinning knowledge and understanding required for music performance. These creative skills are presented through the technical control of an instrument, interpretation of repertoire, and the delivery and successful communication of a selected programme of repertoire. Collectively, these skills enable candidates to progress to higher grades and other qualifications in the creative arts sector.

The exams are made up of five components:

- four Pieces/Songs – three selected by candidates from set lists and one that is their own choice
- an assessment of the performance as a whole

Marks for each component are weighted evenly and are awarded to each component individually.

The exams are currently offered as remote assessments only. Candidates' performances are video recorded in one continuous take and submitted to ABRSM for assessment. The candidate/Applicant is responsible for organising a suitable venue and any equipment needed to run the exam.

Those entering for a Grade 6, 7 or 8 Performance Grades exam must first have passed ABRSM Grade 5 (or above) in Music Theory, Practical Musicianship or a Practical Grades solo Jazz instrument; for full details, including a list of accepted alternatives, see www.abrsm.org/prerequisite.

Music Theory

ABRSM Music Theory exams are available for Grades 1–8. Candidates may be entered for any grade at any age and do not need to have taken any earlier grade(s). Further information is available at www.abrsm.org/theory and the qualification specification (including the full syllabus) is available at www.abrsm.org/specifications.

About Music Theory

Developing musical literacy forms a key part of a rounded education for performers, composers and listeners of all kinds. Understanding how written symbols relate to the elements of music, and having the skills to interpret and translate them into sounds, empowers us to communicate and experience music in a meaningful way.

ABRSM's Music Theory grades give learners:

- a knowledge of the notation of western music, including commonly used signs and terminology
- an understanding of fundamental musical elements such as intervals, keys, scales and chords
- an ability to apply theoretical knowledge and understanding to score analysis
- skills in harmonic completion of extracts and melody writing (at Grades 6–8).

Candidates are assessed on their ability to identify, use and manipulate musical symbols, to complete extracts and to answer questions relating to the elements of music according to the parameters detailed in the full syllabus at www.abrsm.org/theory.

Grade 5 as a prerequisite

We believe that a thorough understanding of the elements of music is essential for a full and satisfying performance at the higher grades.

It is therefore an ABRSM requirement that candidates must provide evidence of a pass at ABRSM Grade 5 or above in Music Theory, Practical Musicianship or a Practical Grades solo Jazz instrument before they can enter for a Grade 6, 7 or 8 Practical Grades or Performance Grades exam.

Practical Musicianship

ABRSM Practical Musicianship exams are available for Grades 1–8 and are open to singers and instrumentalists. Candidates may be entered for any grade at any age and do not need to have taken any earlier grade(s). The full syllabus is available at www.abrsm.org/practicalmusicianship.

About Practical Musicianship

Musicianship is a broad concept that covers a complex range of musical abilities. For the purposes of this syllabus, it is loosely defined as the ability to ‘think in sound’. This occurs when a musician is able to produce music which they perceive internally and in the imagination, whether through playing by ear, singing, reading from notation, or through improvisation.

ABRSM’s Practical Musicianship grades encourage learners to develop their ability to ‘think in sound’ and perform spontaneously. While Practical Grades and Performance Grades focus on aspects of performance and/or supporting tests that are prepared in detail in advance, here the playing (or singing) is in response to immediate challenges and stimuli, presented both aurally and via notation.

The exams also cover the following key skills:

- the ability to internalise music and to reproduce it
- interpreting written music with a minimum of preparation
- exploring the possibilities inherent in a short motif
- the ability to detect differences between what is heard and what is written.

In developing their musicianship skills, learners will be gaining the understanding as well as the expressive and interpretative skills needed to master the musical language of the repertoire they are learning.

Grade 5 as a prerequisite

We believe that a thorough understanding of the elements of music is essential for a full and satisfying performance at the higher grades.

It is therefore an ABRSM requirement that candidates must provide evidence of a pass at ABRSM Grade 5 or above in Practical Musicianship, Music Theory or a Practical Grades solo Jazz instrument before they can enter for a Grade 6, 7 or 8 Practical Grades or Performance Grades exam.

ARSM

The ARSM diploma is available to instrumentalists and singers of any age. It is the first of our diploma qualifications and provides musicians with an opportunity to develop their performance technique and interpretative skills, while focusing on programme building and extending their repertoire.

Key features

- Candidates present a balanced and varied programme, as follows:
 - the programme lasts 30 minutes
 - at least 20 minutes of the music is chosen from the repertoire list
 - the remaining programme time may be made up of own-choice repertoire, of Grade 8 standard or above
- There are no additional supporting tests or other requirements
- There are two assessment methods available:
 - in person – held at the same venues and during the same time periods as ABRSM's Practical Grades
 - remote – a video recorded performance submitted to ABRSM for assessment
- ARSM is a letter-bearing qualification. Candidates awarded the diploma can use the letters ARSM (Associate of the Royal Schools of Music) after their name.

Those entering for an ARSM diploma must first have passed ABRSM Grade 8 (or a listed alternative). Full details of the exam and entry requirements are available in the qualification specification at www.abrsm.org/arsmdiploma.

We update our syllabuses from time to time. Advance notice of any changes will be given at www.abrsm.org/exams. Please refer to the website for the most recent version of the ARSM syllabus.

DipABRSM, LRSM, FRSM (Music Performance)

These diplomas are available to instrumentalists and singers of any age. Through a combination of live and written components, candidates demonstrate their performance, communication and research skills, as well as their musical knowledge and understanding. Each diploma serves as a stepping stone to the next level.

Key features

- Candidates:
 - present a recital programme
 - submit programme notes (DipABRSM & LRSM) or a written submission (FRSM)
 - undertake a viva voce, with questions covering the recital, programme notes/written submission as well as other aspects of performance
 - perform a short piece of unaccompanied and previously unseen music after five minutes' preparation time (quick study)
- These diploma exams take place at specific venues and times of the year
- Each diploma is a letter-bearing qualification. Candidates awarded a diploma can use the letters DipABRSM (Diploma of the Associated Board of the Royal Schools of Music), LRSM (Licentiate of the Royal Schools of Music) or FRSM (Fellowship of the Royal Schools of Music) after their name as appropriate.

Those entering for one of these diplomas must fulfil a specific ABRSM prerequisite (or a listed alternative). Full details of the exam and entry requirements are available at www.abrsm.org/diplomas and the qualification specification is available at www.abrsm.org/specifications.

We update our syllabuses from time to time. Advance notice of any changes will be given at www.abrsm.org/exams. Please refer to the website for the most recent versions of the diploma syllabuses.

Further diploma exams

DipABRSM, LRSM and FRSM diplomas are also available for Instrumental/Vocal Teaching and Music Direction. Full details are available at www.abrsm.org/diplomas.
